

LESSON PLAN - 'On the move in Europe' - Policy refugees and migrants

Subject	Comparison policy refugees and migrants in the participating countries
---------	--

Lesson Title	Assignment Policy refugees and migrants, taking into account the differences between both groups.
--------------	---

Lesson Objectives

Comparison of official policy on refugees in all participating countries. The students will be aware of the differences in policy in all participating countries.
They will also compare the official policy with their own opinions.
Discussion in mixed groups, to compare the attitude to refugees in all participating countries.

Summary of Tasks/actions

In little groups the students look for the answers on the internet.
After completing the form, all groups compare the results. In a class-discussion they decide about the right answers.
During the project meeting all answers will be compared.

Assignment Policy refugees and migrants on different levels

1a. - *What is the refugee policy in general?*

1b. - *Why?*

EU	All EU countries have to divide the refugees fairly
----	---

Netherlands	New refugees first have to register in a central place. After registration the refugees will go to different places in the country and the procedure to stay will start.
-------------	--

Harderwijk	Refugees will be placed in the asylum centre if there is enough capacity
------------	--

Zeewolde	Like Harderwijk, more place.
----------	------------------------------

2a - *What problems can occur?*

2b - *What solutions can be found?*

EU	Many refugees Not all countries agree to take refugees. Too many meetings about the problem, without results.
----	---

Netherlands	Not all departments have place to accommodate refugees. It is difficult to give a place to all refugees in an honest way.
-------------	--

Harderwijk	Not all inhabitants of Harderwijk like to live next to the refugees centre Solution: they have to accept it.
------------	---

3 - *What is needed for a permission to stay?*

EU	<ul style="list-style-type: none"> - An unsafe situation in your own country - If you need protection for your religion or your background. - No criminal record
----	---

Netherlands	<ul style="list-style-type: none"> - The same - A residence permit - You need to pass the civic intergration course
-------------	--

Harderwijk	Thesame as the national conditions.
------------	-------------------------------------

Look for the issues of the refugee policy of the parties of the Dutch government

VVD	Reduce the number of refugees and give the help in the original country
D66	Real refugees must have the chance to come to the Netherlands and to integrate there
CDA	We have the moral duty to help people who leave their country when it is impossible to stay there.
Christen Unie	Check the external borders of Europe. Selection of refugees at the borders. Invest in emergency aid. Newcomers receive all the need, they receive help and money.

Materials / Equipment

Internet access – students work in mixed groups, with different nationalities.
They will divide the tasks and find the answers on the internet.

This assignment (in order to fill in the answers and discuss the differences in the different countries.)
